INTRODUCTION

The fourth part of the *Catalogue of Sanskrit Manuscripts* conforms to a statutory layout adopted in the earlier parts, except for the increase in size to provide more space for the additional particulars. To the 10,000 manuscripts listed in Parts I-III, a further 3,330 have been added, bringing the total to the serial number 13,330.

As in the previous catalogue, the Bhakti material predominates here too, but in a reduced proportion (i. e. from 34% in Pt. III to 25%). The works on Jyotiṣa and Itihāsapurāṇa occupy the second and third place, being nearly 16% and 14% respectively. Saṅgīta, a new subject-heading having seven manuscripts, has been placed after the works on Nītiśāstra.

The last heading, namely the 'Miscellaneous', includes the manuscripts that could not be included in Parts I-III due to the lack of distinct specification of their subject matter.

The number of manuscripts in the Bengali script has decreased to a great extent in this volume, hence a script-wise comparative table has not been given.

The sequence of the dates as given in Appendix (F) follows a chronological order.

Among the manuscripts of particular interest are :

VEDIC LITERATURE :

A large number of manuscripts of the vedic Saṃhitās have been reported for the first time. The following manuscripts deserve a special mention :

Some other Brahmana and Vedaṅga texts also appear in this volume.

Rāgadarpaṇa (12736).

Sanġitaratnākara (12738).

Premamañjarī (13310) by Rāmakṛṣṇa Miśra.

The fourth part of the Catalogue is compiled by Shri V. B. Gosvami, Cataloguer and Senior Research Assistant of the Institute. Shri Rakesh Sharma, Research Assistant, has helped him in compiling the catalogue. Shri G. C. Ghosh, Librarian, has supplied physical details of the material and other relevant information. We are grateful to the Ministry of Education and Social Welfare, Government of India, for their generous grant towards the publication of the catalogue and also for their valuable suggestions. We also wish to express our gratitude to all the donors, particularly Shri Radhey Shyam Joshi (Bharati Anusandhan Bhavan, Mathura), who have kindly donated their valuable collection of manuscripts to the Institute for preservation and its use by scholarly world. Lastly, our sincere thanks are due to the staff of the Ratan Press for their co-operation in printing the catalogue.
